CONSENT TO TREATMENT

Health care providers are required to advise patients of the nature of the treatment to be provided, the risks and benefits of the treatment, and any alternatives to the treatment. There are some risks that may be associated with treatment, in particular you should note:

- 1) ‘While rare, some patients have experienced rib fractures or muscle and ligament sprains or strains following treatment;
- 2) There have been rare reported cases of disc injuries following cervical and lumbar spinal adjustment although no scientific study has ever demonstrated such injuries are caused, or may be caused, by spinal or soft tissue manipulation or treatment.
- 3) There have been reported cases of injury to a vertebral artery following osseous spinal manipulation. Vertebral artery injuries have been known to cause a stroke, sometimes with serious neurological impairment, and may, on rare occasion, result in paralysis or death. The possibility of such injuries resulting from cervical spine manipulation is extremely remote;

Osseous and soft tissue manipulation has been the subject of government reports and multi-disciplinary studies conducted over many years and have demonstrated it to be highly effective treatment of spinal conditions including general pain and loss of mobility, headaches and other related symptoms.

Musculoskeletal care contributes to your overall well-being. The risk of injuries or complications from treatment is substantially lower than that associated with many medical or other treatments, medications, and procedures given for the same symptoms.

I acknowledge I have discussed the following with my healthcare provider:

- a. The condition that the treatment is to address;
- b. The nature of the treatment;
- c. The risks and benefits of that treatment; and
- d. Any alternatives to that treatment.

I have had the opportunity to ask questions and receive answers regarding the treatment.

I consent to the treatments offered or recommended to me by my healthcare provider, including osseous and soft tissue manipulation. I intend this consent to apply to all my present and future care with **In Touch with Health Chiropractic**

HIPAA NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy describes how we may use and disclose your protected health information (PHI) to carry our treatment, payment or health care operations (TPO) for other purposes that are permitted or required by law. "Protected Health Information" is information about you, including demographic information that may identify you and that related to your past, present, or future physical or mental health or condition and related care services.

Use and Disclosures of Protected Health Information:

Your protected health information may be used and disclosed by your physician, our staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you, pay your health care bills, to support the operations of the physician's practice, and any other use required by law.

Treatment: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party. For example, we would disclose your protected health information, as necessary, to a home health agency that provides care to you. For example, your health care information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

Payment: Your protected health information will be used, as needed, to obtain payment for your health care services. For example, obtaining approval for a hospital stay may require that your relevant protected health information be disclosed to the health plan to obtain approval for the hospital admission.

Healthcare Operations: We may disclose, as needed, your protected health information in order to support the business activities of your physician's practice. These activities include, but are not limited to, quality assessment activities, employee review activities, training of medical students, licensing, marketing, and fund raising activities, and conduction or arranging for other business activities. For example, we may disclose your protected health information to medical school students that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your physician. We may also call you by name in the waiting room when your physician is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We may use or disclose your protected health information in the following situations without your authorization. These situations included as required by law, public health issues, communicable diseases, health oversight, abuse or neglect, food and drug administration requirements, legal proceedings, law enforcement, coroners, funeral directors, and organ donation. Required uses and disclosures under the law, we must make disclosures to you when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of Section 164.500.

OTHER PERMITTED AND REQUIRED USES AND DISCLOSURES WILL BE MADE ONLY WITH YOUR CONSENT, AUTHORIZATION OR OPPORTUNITY TO OBJECT UNLESS REQUIRED BY LAW.

You may revoke this authorization, at any time, in writing, except to the extent that your physician or the physician's practice has taken an action in reliance on the use or disclosure indicated in the authorization.

Financial Policy

We, the staff of In Touch With Health, thank you for choosing us as your health provider. We consider it a privilege to serve your needs and we look forward to doing so. We are committed to providing you with the highest quality care and building a successful provider-patient relationship with you and your family. We believe your understanding of our patients’ financial responsibility is vital to that provider-patient relationship and our goal is to not only inform you of the provisional aspects of that financial policy but also to keep the lines of communication open regarding them. If at any time you have any questions or concerns regarding our fees, policies, or responsibilities; please feel free to contact **Tien Britton** at (206) 523-2225

We believe this level of communication and cooperation will allow us to continue to provide quality service to all of our valued patients.

Please understand that payment for services is an important part of the provider-patient relationship. If you do not have insurance, proof of insurance, or participate in a plan that will not honor an assignment of insurance benefits, payment for services will be due at the time of service unless a payment arrangement has been approved in advance by our staff. Patients will be held responsible for non-payment by their insurance company. Accounts unpaid by the insurance company greater than 90 days will be billed to the patient.

Payments and Returned Checks

We accept payments for your convenience such as (cash, money order, MasterCard, Visa and in-state checks). A \$35.00 service fee will be charged for all returned checks. Additionally, you may authorize us to keep your credit card on file for your convenience knowing that we adhere to the highest level of information security.

We realize that temporary financial problems may affect timely payment of your account. If this should occur please contact us for assistance in the management of your account. Our goal is to provide quality care and service. Please let us know immediately if you require any assistance or clarification from anyone within our business.. Outstanding balances greater than 120 days will be turned over to a collection agency unless prior arrangements have been made in writing.

Insurance

Please remember that your insurance is a contract between you and your insurance carrier. We will, as a courtesy, bill your insurance and help you receive the maximum allowable benefit under your policy. We have found that patients who are involved with their claims process are more successful at receiving prompt and accurate payment services from the insurance carrier. We do expect patients to be interactive and responsible for communicating with your insurance carrier on any open claims.

It is your responsibility to provide all necessary insurance eligibility, identification, authorization, and referral information and to notify our office of any information changes when they occur. Even a pre-authorization of services does not guarantee payment from your insurance carrier. We also require photo identification when accepting insurance information. It is the patient’s responsibility to know if our office is participating or non-participating with their insurance plan. Failure to provide all required information may necessitate patient payment for all charges. When insurance is involved, we are contractually obligated to collect co-payments, co-insurance, and deductibles, as outlined by your insurance carrier. Please be aware that out-of-network insurance carriers often prohibit assignment of benefits and may try to limit their financial liability with arbitrary limits, exclusions, or reductions such as reasonable and customary or usual and prevailing reductions. Our fees are well within such ranges and although we will assist in the filing of an appeal if these limitations are imposed, you as the guarantor are responsible for all out-of-network fees. If we are not contracted with your carrier, we will not negotiate reduced fees with your carrier.

Miscellaneous Forms, Additional Information and Authorizations

We will provide all necessary information to have your benefits released. However if it becomes necessary to submit redundant or unnecessary information for the completion of the claim forms for school, sports, or extracurricular activities; there will be an administrative fee, not to exceed \$35.00, for the additional information.

Interest

Interest of 1% compounded monthly will incur if a balance remains unpaid after 60 days of receipt of statement.

Missed Massage Appointments

We require notice of cancellations 24 hours in advance. This allows us to offer the appointment to another patient. If you fail to keep your appointments without notifying us in advance: a missed appointment fee will apply. These fees are **\$45.00**. This fee must be paid before any additional massage appointments can be scheduled. Repeated missed appointments without notification may cause you to be discharged from the practice so that we can provide care to other patients.

Medical Records Fees

Patients are entitled under federal law to have access to their protected health information and we follow all rules, guidelines and exceptions to ensure compliance to patient rights. However, providers also have the right to be compensated for records and our fees are a reasonable cost-based fee for copies including the copying, supplies, labor, and postage of the files and or summaries.

We realize that temporary financial problems may affect timely payment of your account. If this should occur, please contact us for assistance in the management of your account. Our goal is to provide quality care and service. Please let us know immediately if you require any assistance or clarification from anyone within our business.

I have read and understand the above financial policy. I agree to assign insurance benefits to **In Touch With Health Chiropractic** whenever applicable. I also agree, in addition to the amount owed, I also will be responsible for the fee charged by the collection agency for costs of collections if such action becomes necessary.
